However, after investigation by the Board's Executive Director, the signatory indicated that he only had proof LJ had completed 25 hours.

Board members discussed sending a letter to universities reiterating that the speech-language pathology scope of practice includes instruction, supervision, and research, and is applicable to clinical supervisors as well as those who only teach didactic coursework. The board will begin notifying licensees on August 1<sup>st</sup> about the vacancy on the board. Board staff will work with Steve Harris to prepare the postcards and online form for completion by August 1<sup>st</sup>.

Senate Bill 75, which addressed various Louisiana Department of Health board operations and processes, failed to pass during the 2017 Regular Session.

## **ADMINISTRATIVE REVIEW:**

### **1. Suggested Procedure Change for Processing Complaints**

Steven Jones of the Attorney General's office suggested a procedural change in handling complaints so that the board can ensure sufficient evidence has been sought and obtained before proceeding further with the disciplinary process. It was suggested that in the future, a board member be recused or an appropriate consultant contracted in order to formulate pertinent questions and ensure the gathering of necessary information. The consultant or recused board member would be expected to meet with the investigator to determine needed actions and interview content at the beginning of the investigatory process.

### **2. Executive Director Update**

Jolie Jones reported that the National Practitioner Data Bank account has been renewed. The Board also received its annual property management certification. Board members asked Jolie Jones to query the National Practitioner Data Bank for experienced practitioners and give an update at the board's next meeting.

### **3. LBESPA Processing**

Board members reviewed a report indicating that 102 initial applications and 30 upgrade requests have been received since April 24, 2017. One application and one upgrade were denied and one required additional information.

One complaint was received since April 24, 2017.

### **4. ASHA Free Continuing Education Regarding Use of Support Personnel**

Board members reviewed an email regarding ASHA offering free continuing education hours. An eight-month Case Study series was initiated in January with "Utilizing Support Personnel to Improve Your Practice" featured as the June topic.

**Motion** was made by Theresa Rodgers, seconded by Glenn Waguespack and unanimously carried, to no longer run ads in conjunction with Better Hearing and Speech Month in various newspapers within the state.

## **5. Policy Regarding Acceptable Documentation and Handling of Qualified Aliens**

**Motion** was made by Theresa Rodgers, seconded by Daphne Washington and unanimously carried, to accept anything on the U.S. Citizenship and Immigration Services' list of acceptable documents that establish employment authorization, or identity and employment authorization (Document list A or B & C).

## **6. Rules Workdays**

The Board will work on potential revisions to the *Rules and Regulations* tomorrow from 8:00 a.m. – 2:00 p.m. and again on August 26, 2017.

### **ENGLISH PROFICIENCY ASSESSMENT – HILA SAVOIE**

Hila Savoie appeared before the board as required by Rule 113.C. for an English proficiency assessment for speakers of English as a second language. Theresa Rodgers facilitated the interview with Ms. Savoie, requesting oral and written demonstrations of proficiency.

**Motion** was made by Deanna Hardy, seconded by Tammy Crawford and unanimously carried to grant Hila Savoie a provisional speech-language pathology assistant license.

### **ENGLISH PROFICIENCY ASSESSMENT – DAPHNE HARTZHEIM**

Daphne Hartzheim appeared before the board in accordance with Rule 113.C. for an English proficiency assessment for speakers of English as a second language. Theresa Rodgers facilitated the interview with Ms. Hartzheim, requesting oral and written demonstrations of proficiency. During the course of the English proficiency assessment, it was learned that the applicant has been teaching in a university Communication Sciences and Disorders Department for some time. Since instruction

and teaching are included within the scope of practice, and universities are not an exempt setting, it was determined that the individual has engaged in unlicensed practice. As a result, she will be offered the following Consent Agreement and Order.

**Motion** was made by Glenn Waguespack, seconded by Deanna Hardy and carried, to offer Daphne Hartzheim a Consent Agreement and Order, stipulating that the violation consists of unlicensed practice during the provision of instruction and teaching in the field of communication disorders which is included in the speech-language pathology scope of practice. Abstained – Theresa Rodgers. The Consent Agreement and Order should include successful completion of the open book examination, \$500 fine, and notifications to employer, Louisiana Speech-Language-Hearing Association (LSHA), American Speech-Language-Hearing Association (ASHA), and the National Practitioner Data Bank (NPDB).
