5. Rules Hearing

The rules hearing was tentatively scheduled for September 25, 2021 but will be rescheduled to a later date.

CORRESPONDENCE:

1. Email dated April 8, 2021, from David Irwin, regarding diagnosis and treatment for individuals with AS

Diagnosis and treatment for individuals with autism spectrum disorders is included in the scope of practice for speech-language pathologists, although this should be a collaborative effort. Glenn Waguespack will write a response letter to David Irwin. Tom Devillier will contact Jamie Monic, the Executive Director for the Psychology Board to discuss the Board's concerns.

2. **Email dated June 3, 2021 from Amy Tatum, regarding SLP service provision**
Board members reviewed a letter from Amy Tatum inquiring if speech-language pathologists can offer therapy sessions for private pay, as well as if a school based speech-language pathologist can provide services during the summer to students for private pay. The Board recommends that the speech-language pathologist offer the names of three other people that the students could use, to avoid conflict of interest. The individual would also need to check their school district's policy.
3. **Email dated May 28, 2021, from Michelle Kramer, regarding ethical questions**
Board members reviewed an email from Michelle Kramer inquiring if there were ethical concerns in donating a used piece of equipment to a family in need that she services. The Board would suggest that the speech-language pathologist provide the client with a statement that says that the individual/client is under no obligation to continue services with the provider despite the receipt or donation of equipment.
4. **Email dated July 21, 2021, from Taylor Jacobs, regarding physician referral from patient's father**
Board members reviewed an email from Taylor Jacobs inquiring if she is allowed to accept the referral for speech therapy services from a potential patient's father, who is a chiropractor. Board members recommend confirming that the insurance does not require a physician's referral for speech therapy services.

Motion was made by Annette Hurley, seconded by Erica Chatelain and unanimously carried, to grant a conditional Provisional Speech-Language Pathology license requiring an additional 36 weeks of full-time supervision prior to upgrade. The Board indicated that a letter should be sent to Ms. Tregre's employer of record.

Language Pathology (CFCC) regarding the Board's concern that some individuals are graduating with a lack of breadth of depth across the lifespan.

Board staff will revise the wording in future Annual School Reports to include that this is a good consumer protection measure, and the information is used by the legislature when stipends are being considered. Moving forward, the Annual School Report will only be sent once and the board staff will not need to follow up if schools do not respond.
